

Entertainment for the whole family!

At **UNCLE PAT'S FARM** you will find domestic farm animals — goat kids, calves, ponies, baby pigs and lambs. Enjoy the delightful experience of actually petting and feeding these cute farm animals in the "nursery" of Uncle Pat's Farm.

A popular feature at the farm is the 50 foot bridge where the adventurous goats 'walk the tight rope' from the goat tower to a pond below.

Special Arrangements and Prices Available for Groups — Give us a Call!

AQUALAND'S 4 GREAT ATTRACTIONS:

- ★ Aquarium & Fish Ponds
- ★ Uncle Pat's Farm
- ★ Deer Farm
- ★ North American Wildlife

Plus the "KATYDID", an exclusive gift shop, offering glassware, collectables, hand-painted saws, hand crafted bird houses and feeders, and many other unique and unusual items.

The **Pioneer Trading Post** features mocs and leathersgoods, while the **Souvenir Shop** has many items geared to the younger shoppers. New this year is the **Wildlife Art Gallery**, featuring Art Prints & Originals along with Wildlife Photographs by nationally-known artists.

WILDLIFE PARK

A Visit With Nature in Northwoods Surroundings

BOULDER JUNCTION, WISCONSIN
OPEN 9:00 a.m. to 5:30 p.m.

Play with our friendly animals — spend the day at Aqualand!

Residents as well as vacationers have labeled Aqualand as a "Northwoods Tradition" for over 35 years.

More than 25 species of native animals are displayed in a northwoods setting, many tamed from their original wild state and others born right here. There are Kodiak and black bear, cougar, white Arctic and timber wolves, fox, buffalo, peafowl, beaver, racoon, many varieties of pheasants and birds, bobcat, lynx and many, many more.

See The Wildlife Characters!

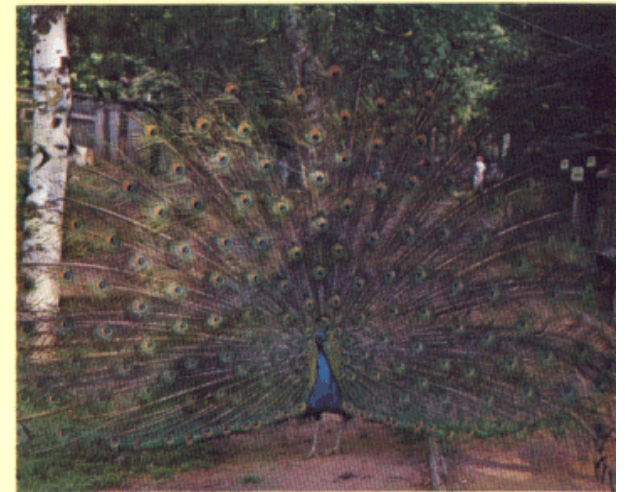

Your self-guided tour begins with **SIX GIANT FISH TANKS**. Here you can view a wide variety of native Wisconsin game fish through a porthole, where the action is just inches away!

Visit the **TROUT PONDS** where no license is required to catch these fighting Rainbows. Bait, tackle and free cleaning are available, you pay only for what you catch. Take them home on ice, and enjoy a meal of delicious trout.

MUSKIE PONDS. Each season thousands of visitors are thrilled to see the 'King of the Fresh Waters', the giant fighting muskie, feeding on live frogs and fish that **YOU** toss into their ponds.

Natural actors will entertain you with their antics in the **OTTER COLONY**. These playful creatures were made famous in Disney movie productions.

Be sure not to miss hand feeding our **TAME DEER**. They will be waiting for your handouts and attention, and love being photographed.

The 50 acres of grounds at Aqualand include the Frog House Snack and Concession Stand where you can get a light lunch of Hot Dogs, Burgers, Pizzas, etc. or stop for a break with Ice Cream, Popcorn and much more! A beautiful pine-shaded picnic area with grills is provided so that you can bring your own lunch if you prefer.

NEW OWNERS — Aqualand is now operated by Darryl and Nancy Nelson, and daughters Terry, Dayna and Wendy.
